

**Carrbridge Capercaillie Group**  
**Meeting notes: 13 Feb 2020**

1. The group discussed the timeline for publishing and consulting on the Carrbridge Capercaillie Conservation Strategy. It was agreed that the strategy should be published on 23 March to allow sufficient time to complete the copy writing, design and printing process.
2. It was agreed the consultation should involve all members of the Carrbridge community area receiving a hard copy of the strategy and a form to return their views via post.
3. The group drafted the Key Actions section and agreed to meet again on 5 March for a final proofing session.
