

Carrbridge Capercaillie Group

Meeting notes: 1 September 2020

1. The group began to prioritise the Key Actions in the Carrbridge Capercaillie Conservation Strategy and agreed to update the strategy with an Action Plan which would set out their priorities for the next six months based on current Covid-19 restrictions, the brood survey results from Kinveachy Forest and the community consultation results.
2. The group agreed to meet more regularly in order to progress the Action Plan and make it available to the community by early December at the latest.
